TRANSPORTATION

The Ritz-Carlton Tiburon has suggested that Uber and Lyft are permitted to pick up passengers to and from the airport, they do have a smaller presence in the area; therefore, they have recommended a transportation company for those who are interested.

They have suggested a pre-arranged car service, **Naples Transportation and Tours (NT&T)**. You can book your transportation from the surrounding airports to The Ritz-Carlton Naples, Tiburon using a special NAFD group link: <https://nttreservations.com/nafd.php>

Guests will enter flight information, select a type of car from a dropdown list, and pay directly on the webpage. I would encourage members arriving at similar times to book a larger vehicle for cost savings (and more fun!). NT&T is also available to use anytime during your stay by calling them directly at 239-260-3272 or bookings@nttep.com.

You also have the option of **Car Rentals**. There are some located directly on-site at the airport's short-term parking area. When making your reservation be sure to take note whether the rental car company is on-site or a shuttle bus away. Here is a link that will help you determine where the car agency is located: <https://flyrsw.com/rentalcars/>

SPA & FITNESS CENTER

The Ritz-Carlton Naples, Tiburon has a 3-room spa facility that offers a full menu of massages and facials. It has an outdoor quiet area for lounging & yoga, a sauna, steam room and showers. It is adjacent to the fully equipped fitness area with cardio and strength training equipment. Due to the limited number of treatment rooms, reservations should be made at your earliest opportunity. NAFD has arranged for 10% off spa treatments. [Click here for the packages available](#). Reservation details are included on the menu.
